HIPAA Patient Consent Form

I understand that I have certain rights to privacy regarding my protected health information. These rights are given to me under the Health Insurance Portability and Accountability Act of 1996 (a.k.a. HIPAA or The Healthcare Privacy Act). I understand that by signing this consent, I authorize Mount Prospect Smiles to use and/or disclose my protected health information to carry out the following:

- Treatment which includes direct and/or indirect treatment by other healthcare providers involved in my treatment.
- Obtaining payment from third party payers, i.e. my dental and/or medical insurance company/companies.
- The day to day healthcare operations of your dental practice.

I have also been informed of, and given the right to review and secure a copy of your Notice of Privacy Practices, which contains a more complete description of the uses and disclosures of my protected personal health information, and my rights under HIPAA. I understand that you reserve the right to change the terms of this notice from time to time and that I may request the most current copy of this notice. I understand that I have the right to request restrictions on how my protected health information is used and disclosed to carry out treatment, payment and healthcare operations, but that you are not required to agree to use these requested restrictions. However, if you do agree, you are then bound to comply with this restriction. I understand that I may revoke this consent, in writing, at any time. However, any use or disclosure that occurred prior to the date I revoke this consent will not be affected.

Oral Cancer Screening Form

Our dental practice continually looks for advances to ensure that we are providing the optimum level of oral healthcare to our patients. We are concerned about oral cancer and look for it in every patient.

One American dies every hour from oral cancer. Late detection of oral cancer is the primary cause of increasing incidence and mortality rates of oral cancer. As with most cancers, age is the primary risk factor for oral cancer. Tobacco and alcohol use are other major predisposing risk factors, but more than 25% of oral cancer victims have no such lifestyle risk factors. Studies also suggest that human papillomavirus (HPV 16/18) plays a role in more than 20% of oral cancer cases. Oral cancer risk by patient profile is as follows:

- **INCREASED RISK:** Patients age 18-39, sexually active patients (HPV 16/18)
- **HIGH RISK:** Patients age 40 and older, tobacco users (ages 18-39, any type within 10 years)
- **HIGHEST RISK:** Patients age 40 and older with lifestyle risk factors (tobacco and/or alcohol use); previous history of oral cancer

Please select one:

YES - I would like to have the oral cancer exam.

NO - I would prefer not to have the oral cancer exam at this time.
